Dear Mr. Bristol:

In accordance with our current policy associated with the review of foreign STC's, some STC's applicable to certain categories of aircraft may be accepted solely on the basis of their foreign certification, and do not require the issue of a corresponding certificate by Transport Canada. The subject STC falls within these criteria.

This STC will be entered in the national index of STC's that have been reviewed and accepted by Transport Canada for installation on Canadian –registered aeronautical projects. This letter confirms formal acceptance of the referenced STC by Transport Canada.
