

European Aviation Safety Agency

SUPPLEMENTAL TYPE CERTIFICATE

EASA.IM.R.S.01487

This Supplemental Type Certificate is issued by EASA, acting in accordance with Regulation (EC) No. 216/2008 on behalf of the European Community, its Member States and of the European third countries that participate in the activities of EASA under Article 66 of that Regulation and in accordance with Commission Regulation (EC) No. 1702/2003 to

Paravion Technology Inc

**2001 Airway Avenue
CO 80524
80524
Fort Collins
United States**

and certifies that the change in the type design for the product listed below with the limitations and conditions specified meets the applicable Type Certification Basis and environmental protection requirements when operated within the conditions and limitations specified below:

Original Product Type Certificate Number: TCCA TC H92
Type Certificate Holder: Bell Helicopter Textron
Model: Bell 206, Bell 407

Description of Design Change:
Vent Control Certification.

Associated Technical Documentation:

- 206VC-100 revision NC dated 22 November 2006 or later approved revision – Master Drawing List.
- PR-206VC-120M revision 0 dated 22 September 2006 or later approved revision – Instructions for Continued Airworthiness.

Limitations and Conditions:

1. Prior to installation of this modification the installer must determine that the interrelationship between this modification and any other previously installed modification will introduce no adverse effect upon the airworthiness of the product.
2. The installation of this modification by third persons is subject to written permission of the approval holder and holding and disposal of the approved appropriate documentation.
3. Approval of this change in type design applies to the aircraft models listed above. Additionally for Bell models 206A and 206B only this approval is limited to serial numbers 2489 and subsequent.

This Certificate shall remain valid unless otherwise surrendered or revoked.

For the European Aviation Safety Agency,

Date of issue: 11 August 2008
